<tr>
<td><strong>SOCIETAL-LEVEL INDICATORS</strong></td>
<td></td>
</tr>
<tr>
<td>Human Development Index</td>
<td>The Human Development Index (HDI) is based on longevity, as measured by life expectancy at birth; educational achievement; and standard of living, as measured by per capita GDP (PPP $US). Source: UNDP Human Development Report, various years.</td>
</tr>
<tr>
<td>Type of society</td>
<td>‘Postindustrial societies’ were defined as independent nation states around the world ranking with a HDI score over .900. ‘Industrial societies’ are classified as the nations with a moderate HDI (ranging from .740 to .899). Lastly, ‘agrarian societies’ are the nations with lower levels of development (HDI of 739 or below). Source: UNDP Human Development Report, various years.</td>
</tr>
<tr>
<td>Type of economy</td>
<td>‘High income’ economies were defined as the most affluent states around the world, ranking with a mean per capita GDP of $15,000+. ‘Medium income’ economies are classified as the nations with a moderate per capita GDP of $2,000-14,999. Lastly, ‘low income’ are those economies with a mean per capita GDP of $1999 or less. All are measured in constant international $ in purchasing power parity. Source: The World Bank. World Development Indicators.</td>
</tr>
<tr>
<td>Level of democracy</td>
<td>The Gastil index, a 7-point scale used by Freedom House, measuring political rights and civil liberties every year. Source: Freedom House, various years &lt;www.Freedomhouse.com&gt;.</td>
</tr>
<tr>
<td>Type of State</td>
<td>Based on the Freedom House Gastil index, we define free states as those with a Freedom House rating of 5.5 to 7.0. partly free states have current Gastil index ratings of 3.5 to 5.5. not free states have a Gastil Index score from 1.0 to 3.0; they include military-backed dictatorships, authoritarian states, elitist oligarchies, and absolute monarchies.</td>
</tr>
<tr>
<td>Media Freedom index</td>
<td>Based on the Freedom House Press Freedom index which is designed to measure how much the free flow of news is influenced by the legal, political and economic environments. The index is 100-points. Freedom House. 2007. Global Press Freedom 2007. <a href="http://www.freedomhouse.org">www.freedomhouse.org</a>, (and various years).</td>
</tr>
<tr>
<td>Globalization index</td>
<td>The KOF Index of Globalization, 1970-2005. For methodological and technical details see <a href="http://globalization.kof.ethz.ch/">http://globalization.kof.ethz.ch/</a> The 100-point index is constructed from a comprehensive range of two dozen variables, designed to gauge three dimensions: social globalization (the spread of personal contact, information flows, and cultural proximity); economic globalization (the actual long-distance flows of goods, investment capital, and commercial services, as well as restrictions through import barriers, taxes and tariffs); and political globalization (measured by integration with international inter-governmental organizations, the number of embassies based in a country, and national engagement in UN peace missions).</td>
</tr>
<tr>
<td>Cosmopolitanism index</td>
<td>The index is constructed from adding the standardized Media Freedom index, the Globalization Index, and per capita GDP (for sources, see above). The standardization means that each component is equally weighted.</td>
</tr>

News media use scale

Based on the above item, this scale is calculated by summing use of a daily newspaper, news broadcasts on radio or TV, printed magazine, books, and the internet/email, transformed into a 100-point scale. Source: World Values Survey 2005-7

Television use

E188 Q: “Do you ever watch television? If yes, how much time do you often watch television during an average workday?”

World Values Survey 1981-2001

Newspaper use

E187 Q: “Do you regularly read a daily newspaper?”

World Values Survey 1981

Confidence and trust in the media

V133-134 “I am going to name a number of organizations. For each one, could you tell me how much confidence you have in them: is it a great deal of confidence (4), quite a lot of confidence (3), not very much confidence (2) or none at all (1)? (Read out and code one answer for each): The press. Television.” The 8-point media trust scale, where high confidence represents most confidence, combines both answers. Source: World Values Surveys

Confidence in the UN and regional organizations

V146-147 “I am going to name a number of organizations. For each one, could you tell me how much confidence you have in them: is it a great deal of confidence (4), quite a lot of confidence (3), not very much confidence (2) or none at all (1)? (Read out and code one answer for each): The United Nations. Regional organizations (such as the European Union).” The 8-point global institutional trust scale, where high confidence represents most confidence, combines both answers. Source: World Values Surveys

Political interest

V95. “How interested would you say you are in politics? Are you…” Very interested (recode 4), Somewhat interested (3), Not very interested (2), Not at all interested (1). Source: World Values Surveys

Global and national identities

“People have different views about themselves and how they relate to the world. Using this card, would you tell me how strongly you agree or disagree with each of the following statements about how you see yourself? “(Read out and code one answer for each statement):

<table>
<thead>
<tr>
<th>Statement</th>

</tbody>
</table>
Global governance

“Some people believe that certain kinds of problems could be better handled by the United Nations or regional organizations, such as the European Union, rather than by each national government separately. Others think that these problems should be left entirely to the national governments. I’m going to mention some problems. For each one, would you tell me whether you think that policies in this area should be decided by the national governments, by regional organizations, or by the United Nations? “ (Read out and code one answer for each problem):

National pride

V209. “How proud are you to be [French]?” Very proud (4); Quite proud (3); Not very proud (2); Not at all proud (1). *Substitute nationality. Source: World Values Surveys.

Trust of foreigners

V130. “I’d like to ask you how much you trust people from various groups. Could you tell me for each whether you trust people from this group completely, somewhat, not very much or not at all? People of another nationality.” Source: World Values Surveys.

Left-Right Ideology Scale

V114. “In political matters people talk of ‘the left’ and ‘the right’. How would you place your views on this scale, generally speaking?” The 10-point scale is coded from 1 = Most Left, 10 = Most Right. Source: World Values Surveys.

Type of religion

V184: “Do you belong to a religious denomination? [IF YES] Which one?” Coded: No, not a member; Roman Catholic; Protestant; Orthodox (Russian/Greek/etc.); Jewish; Muslim; Hindu; Buddhist; Other. Source: World Values Surveys.

Type of predominant religion worldwide

The classification of the major religion (adhered to by the largest population) in all 193 states around the world is based on the CIA. The World Factbook, 2001. (Washington, DC: Central Intelligence Agency).

Traditional v. Secular-rational values

The Traditional values scale is measured by support of the following items: God is very important in respondent’s life; It is more important for a child to learn obedience and religious faith than independence and determination; Autonomy index; Abortion is never justifiable; Respondent has strong sense of national pride; Respondent favors respect for authority. In contrast, support for Secular-rational values is measured by the opposite position on all of above. Source: World Values Surveys.

Gender equality scale

The combined 100-pt gender equality scale is based on the following 5 items: MENPOL Q118: “On the whole, men make better political leaders than women do.” (Agree coded low); MENJOBS Q78: “When jobs are scarce, men should have more right to a job than women.” (Agree coded low); BOYEDUC Q.119: “A university education is more important for a boy than a girl.” (Agree coded low); NEEDKID Q110 “Do you think that a woman has to have children in order to be fulfilled or is this not necessary?” (Agree coded low);

**Sexual liberalization scale**

SGLMUM Q112 "If a woman wants to have a child as a single parent but she doesn’t want to have a stable relationship with a man, do you approve or disapprove?" (disapprove coded low). Source: World Values Surveys.

"Please tell me for each of the following statements whether you think it can always be justified (10), never justified (1), or somewhere in-between, using this card... Abortion, Homosexuality, prostitution, divorce". Source: World Values Surveys
